

EventR: Team Logistics Made Simple

Being an app that can be used for a family holiday, to a Fortune 500 AGM

Allow us to deliver it more easily

Build a much better web management interface

Web scale design for millions of users

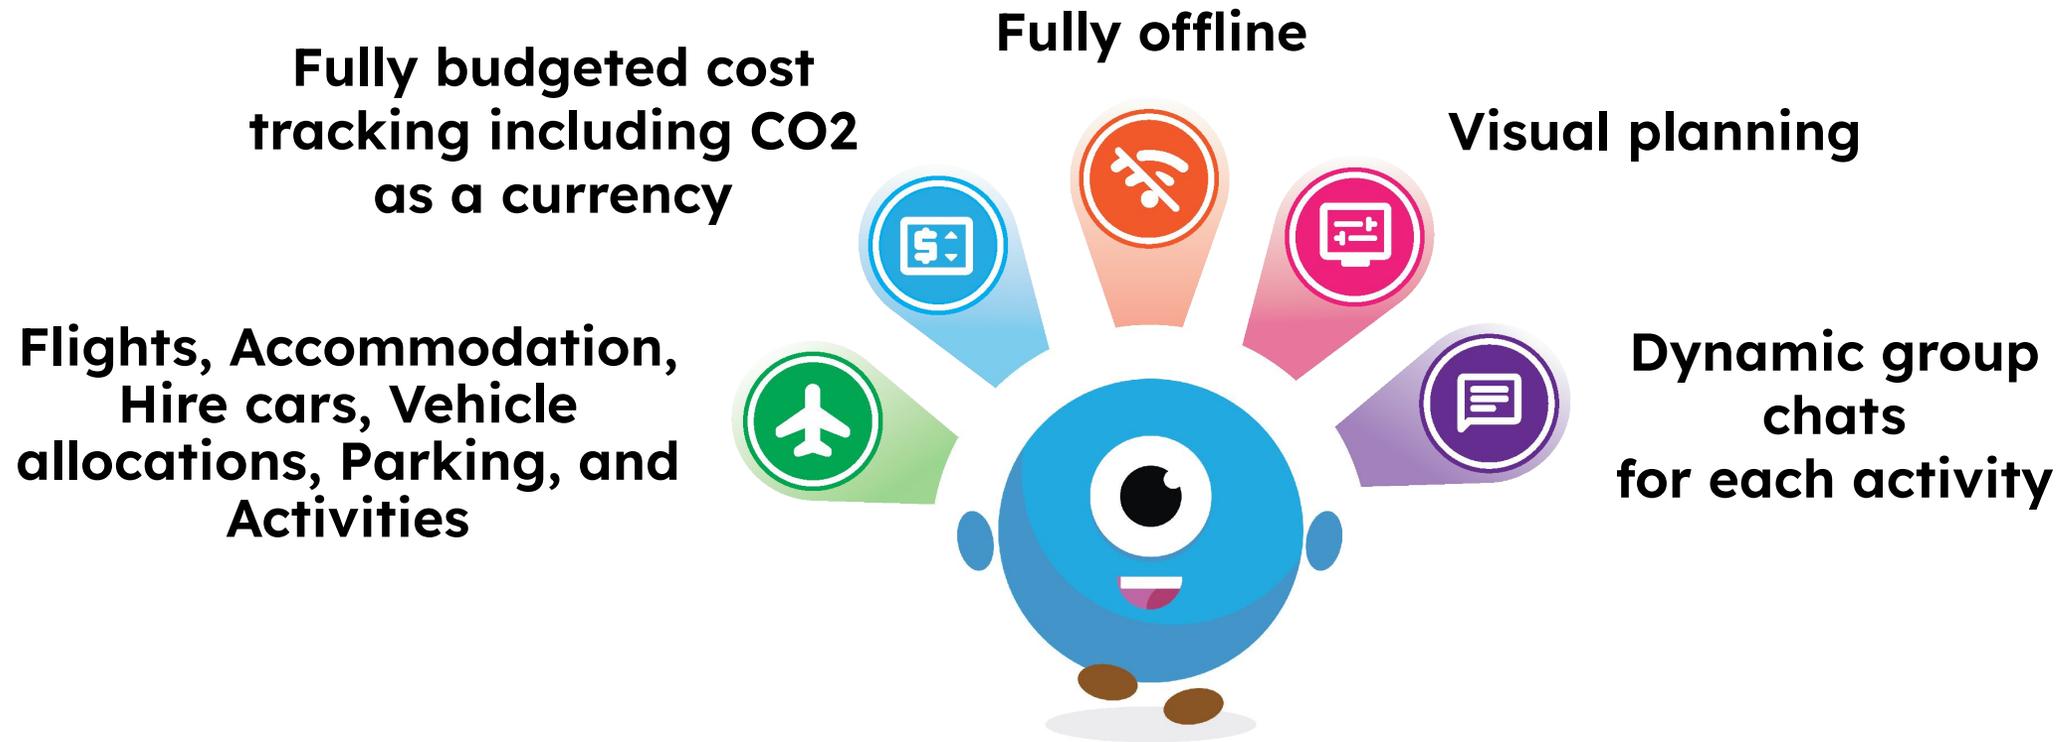

Launched Jan 2024

Goals

What does it do?

...also

Calendar syncing

**Skinnable
for branding**

**Full Role/Claim
based rights for
user access**

**Hotel booking
integration**

**Easy time zone
controls**

**Public and Team
share links**

**Activity visibility
controls**

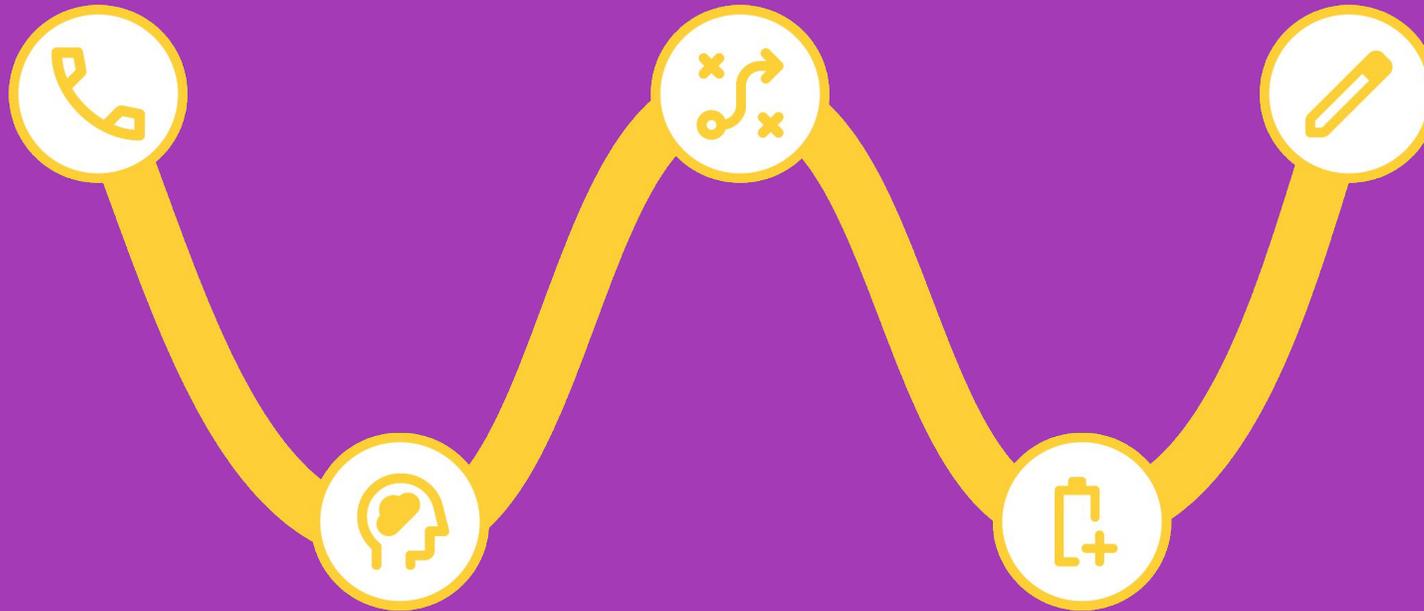

**And lots more to
come ;-)**

Easy!

We don't want people to have to call us!

Power users do complex planning with our app.

Allow users to make their event their way.

Must make sense.

Labour saving features like flight search.

Use in Motorsport

- **10+ teams using it now spanning the globe doing many different series**
- **Teams vary from 3 people to 160+ travellers doing multiple events every weekend**
- **Customers see huge time savings and as importantly increased efficiency**
- **Teams can swap to EventR within a week**
